- ⑥ Tablet reading rack holder

CR900

RECUMBENT BIKE

Optional TV Bracket
Available, Built in Power Port for TV Remote

FEATURES

- Step-through design allows users to easily enter the moulded foam seat
- Seat adjusts to accommodate users of varying heights
- Electromagnetic resistance system provides power and 40 levels of increasing intensity
- Ratcheting pedals feature 2-degree inversion for comfortable foot placement

Built to last, the CR900 Recumbent Bike takes workout ease and comfort to a new level. Step-through design makes it easy for all users to enter and exit the bike. Moulded foam seat that adjusts along the seat rail and quick ratcheting pedals make it easy to get on and go. Commercial crank assembly and extra-large roller bearings provide fluid pedal motion.

DISPLAY

- ① Integrated adjustable fan
- ② Premium, ultra-bright blue LED display
- ③ LED heart rate graph
- ④ Large LED matrix window
- ⑤ Lap counter
- ⑥ Tablet reading rack holder

CRW900

ROWER

FEATURES

- 10 levels of water resistance with easy-adjust knob to challenge all fitness levels
- Timeless wooden and steel frame for lasting performance
- XL twin tank design with durable multi-bladed impeller for greatly improved resistance range
- Commercial grade padded handlebar for comfort and durability

Whether placed in a commercial or quality home studio, this rugged indoor rower never disappoints. Guaranteed to enhance any grand environment, CRW900 is complete with a hand lacquered American Ash Blackwood finish.

Flawlessly reproducing the natural catch and consistent water resistance rowing CRW900 packs a punch with 65% greater resistance than standard fluid models – the perfect rower for solid progression no matter the fitness ability.

DISPLAY

- 1 Interval display panel
- 2 Quick mode buttons
- 3 Bluetooth® button
- 4 Large, easy-to-read display
- 5 Heart rate display panel
- 6 Control keypad

CSC900

STAIR CLIMBER

FEATURES

- Automatic stair locking when machine is not in use for entering or exiting the machine
- Color indication lights around the contact heart rate grips visually display when the machine is in use or standby mode
- Easy access maintenance panels on either side
- Extra step-depth keeps shoes from being pinched

One of the original HIIT workouts, a rotating-stair climber has been one of the toughest machines in the gym for more than 35 years. The Spirit StairClimber features a super sleek design, locking stairs for safety and the largest surface area on the market for multiple foot position training options. Added depth to the stairs keep toes from being pinched while feeling like a natural step motion.

DISPLAY

- ① Multi-window display
- ② Ultra-bright blue LED display
- ③ Easy access program buttons
- ④ Large LED matrix window
- ⑤ Numeric Keypad
- ⑥ 2-Speed fan for workout comfort

AB900+

AIR BIKE

FEATURES

- Rider-powered, Wireless connectivity -enabled console with program quick keys and full display
- Isokinetic resistance delivers simultaneous upper and lower-body resistance allowing the user to emphasize pushing and pulling or experience a total-body workout
- Highly durable to accommodate even the most challenging high intensity interval workouts

The AB900+ is a classic design of a classic modality. With its air-driven, isokinetic resistance system, this air bike is a powerful tool for all types of training situations – from low RPM, low load rehabilitation to high performance, high Watt output interval training. Resistance matches the user’s effort and accommodates upper-body only and total body exercise. Connects to third party apps via Bluetooth FTMS. The compact design and eco-friendly rider-powered console allows the AB900+ to be placed anywhere in a facility for easy programming integration.

DISPLAY

- 1 Interval display panel
- 2 Quick mode buttons
- 3 Wireless connectivity button
- 4 Time, distance, calories, watts, speed, RPM
- 5 Heart rate display panel
- 6 Control keypad button

GROUP TRAINING

THE SPIRIT OF RIDERS

Cardio training strengthens the whole body and is essential for most athletes. Our Commercial product range offers a variety of different cardio machines with various training programs to get the maximum out of every sportsman.

SBC800

SBC900

JOHNNY G SPIRIT BIKE

SBC800

INDOOR CYCLE

Optional

FEATURES

- Maximized rigidity, extended pulling-force, slip-resistant and flex elimination, it just keeps getting better.
- Ergonomically designed stretcher with two angles to help riders release their muscle and joint tension.
- With three ergonomically designed handlebars, seamlessly transition hand positions just like outdoor biking. Precisely adjusted angles.

The SBC800 takes indoor cycling to new heights of performance. With its meticulously engineered drive system, each stroke is met with a powerful yet silky-smooth pull. Courtesy of the optimized Q factor and gear ratios, the ride is as fluid as an outdoor road bike. Precisely crafted with a one-piece steel, the SBC800's rock-solid frame eliminates wobbles and maximizes rigidity. With Spirit SBC800, ride miles after endless miles.

SBC900

INDOOR CYCLE

Optional

FEATURES

- Meet Spirit Intensity, the LED lighting we created to highlight performance and giving coach easy observation of rider's condition.
- The power is now yours to provide. When the pedalling starts, the power starts generating. Your bike requires no cables and batteries, with SBC900, not a single watt is wasted.
- Vivid 5.5" LED console paired with Spirit apps

Stand out with the Spirit Bike. With its low-profile aesthetic, Spirit SBC900 seamlessly fits any studio. But once activated, there's no hiding the motivation that lies within. Our LED beacon, Spirit Intensity, is designed to motivate and empower riders. Strategically positioned LEDs activate in real-time, responding to each rider's performance metrics. With the vivid LED console and Spirit Connect app, light up the session with sparks and competitions. This is where innovative technology and uncompromising quality meet, with the Rider's Spirit.

JOHNNY G SPIRIT BIKE

FEATURES

- Electronically controlled magnetic resistance system with multiple adjustment touch points
- Solid steel construction and triple powder coated for durability
- Belt drive system provides the feel of a road bike
- Proprietary handlebar design for comfort and resistance buttons at your fingertips regardless of ride position

Over the last 25 years, Johnny G has been engineering the next evolution of indoor bikes.

His newest creation is a beautiful, SLEEK machine of uncompromising design. Johnny has taken the guess work out of working out with his push button magnetic resistance. It allows the user to replicate their last ride for a consistent and rewarding workout every time creating a PERSONAL experience for every ride and rider. Gone are the days of patchwork welded tubes; Johnny's newest creation uses a monocoque steel frame and heavy base. This perfect marriage of vision and practicality allows the back of the frame to flex like the chain-stays on an outdoor bike, creating a response which makes the bike feel ALIVE. Don't settle for the old standard of indoor bikes, your clients deserve to ride the best bike ever built: The Johnny G Spirit Bike.
